

MEMORY,
you little bugger.

BY: JEANNIE K. KIM

Just met her today.
her name's Mary.

She recognized me,
but I didn't
recognize her.

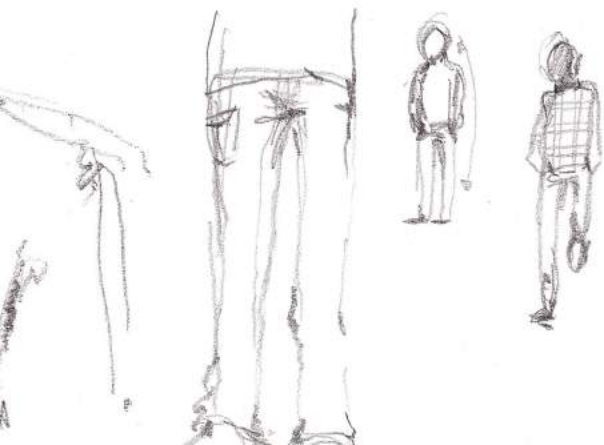

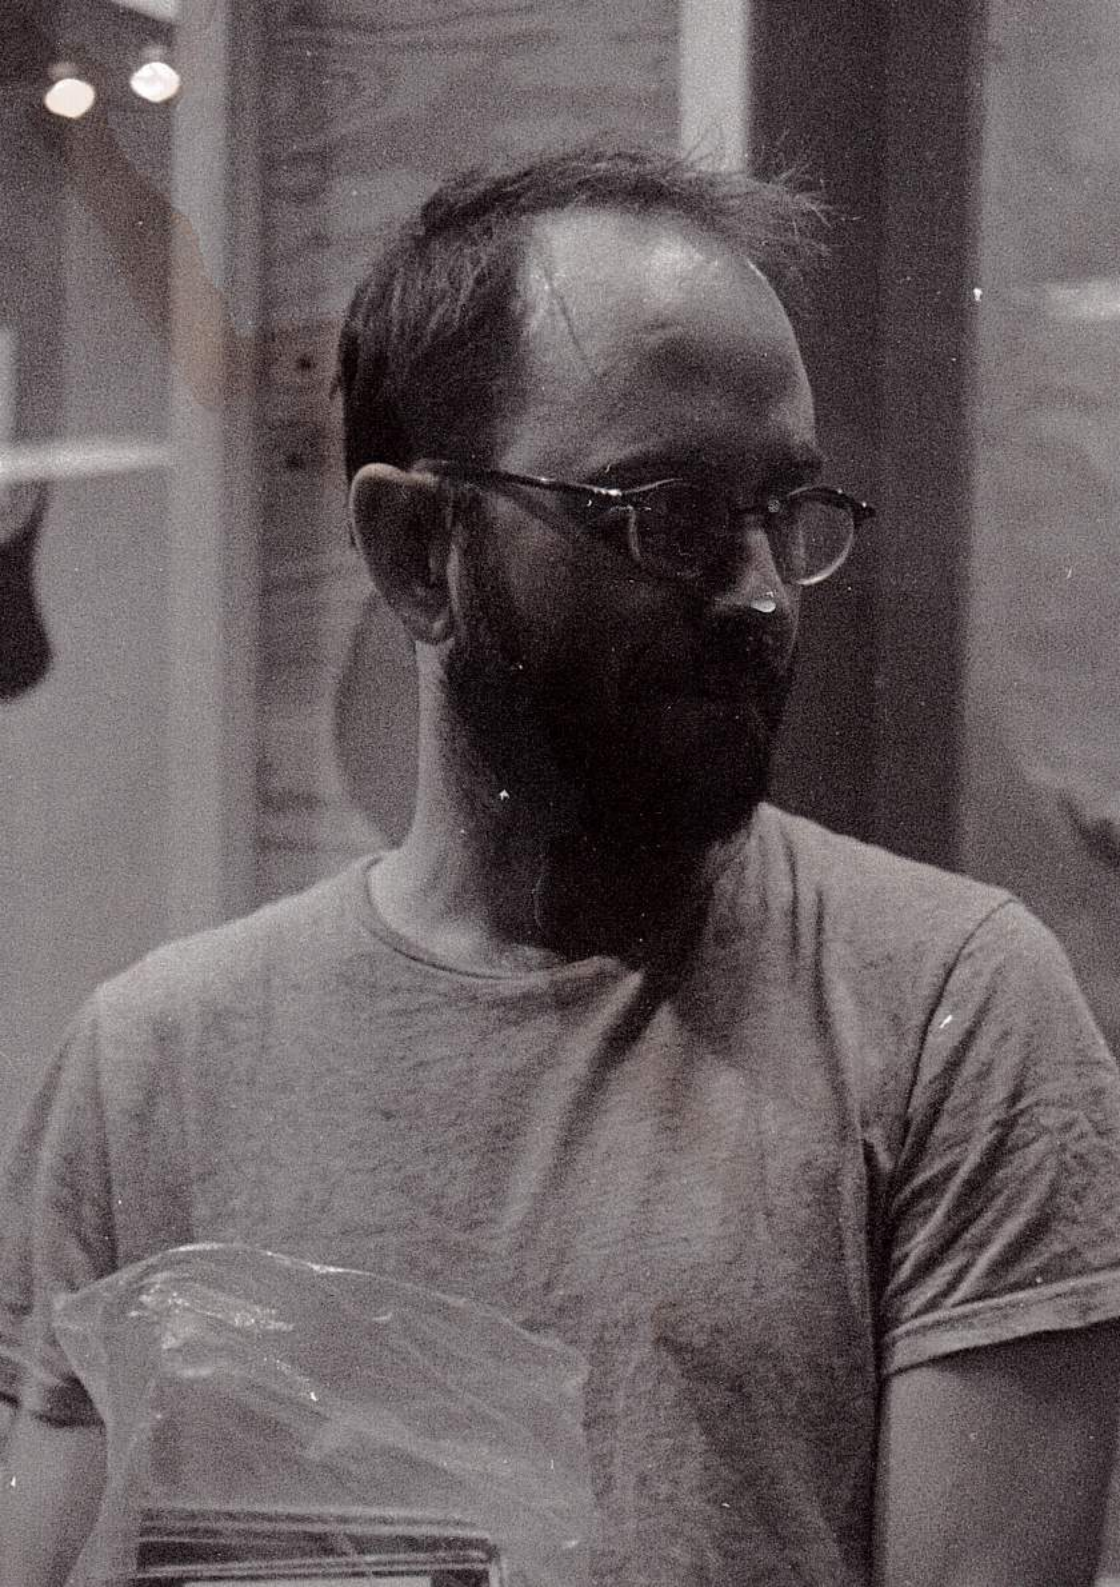

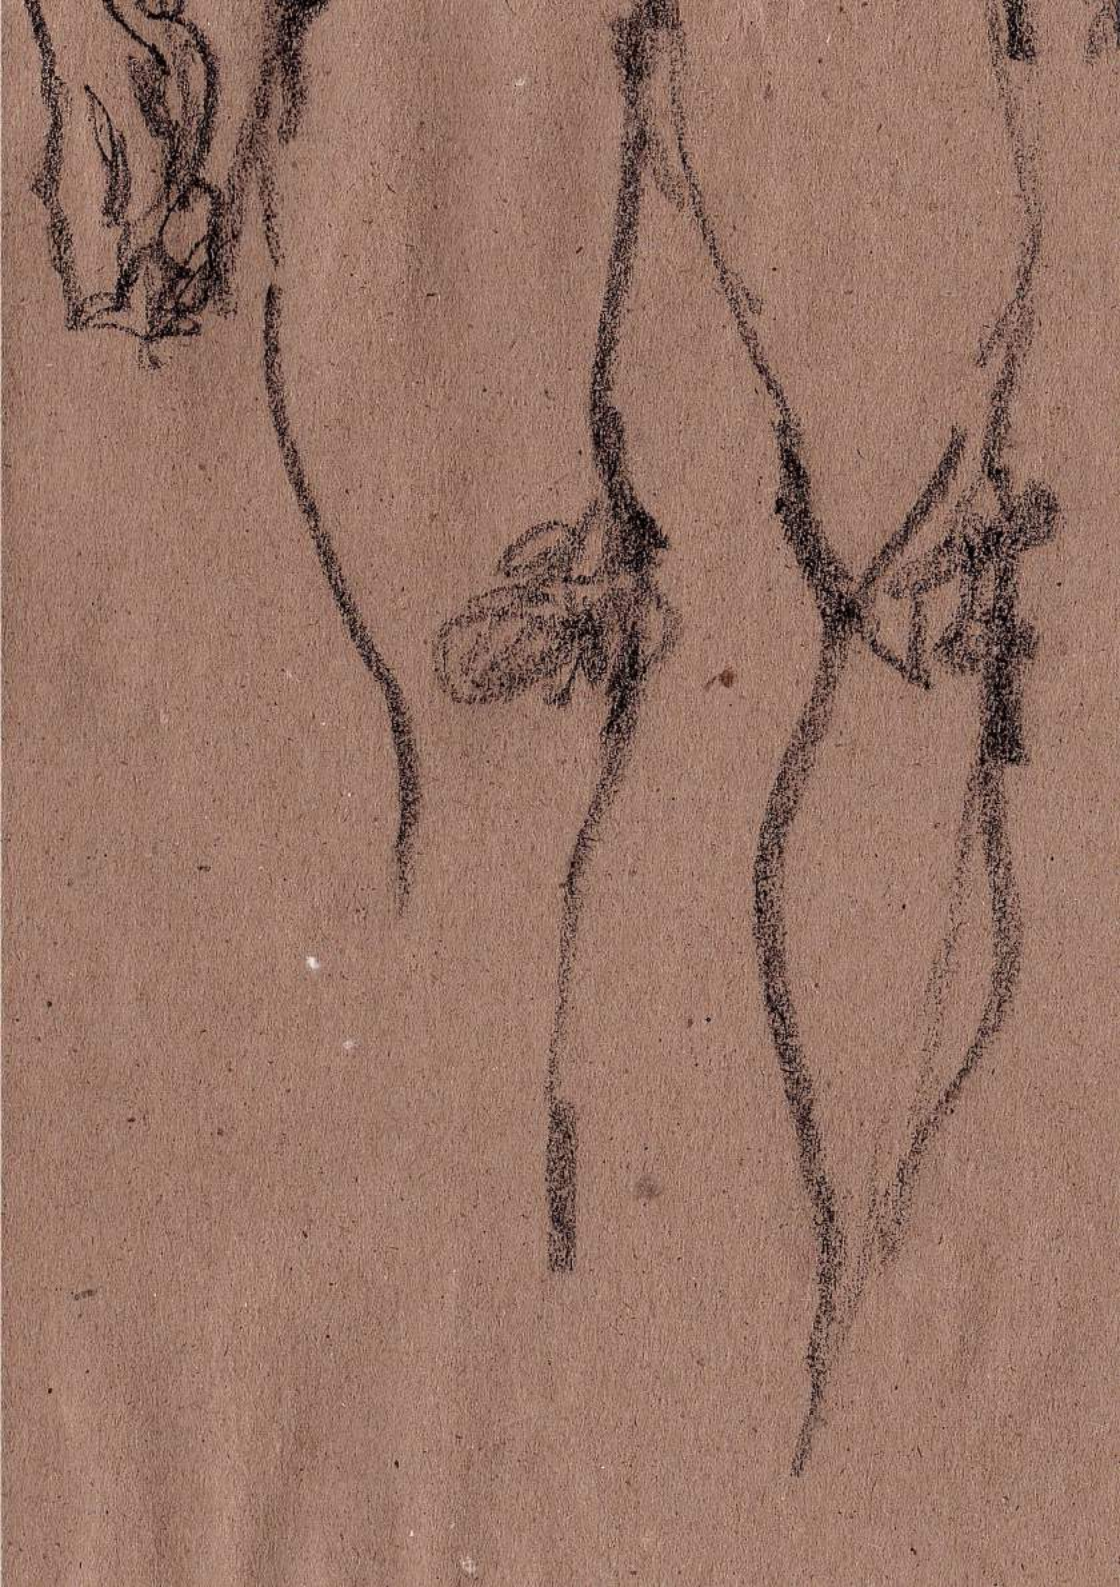

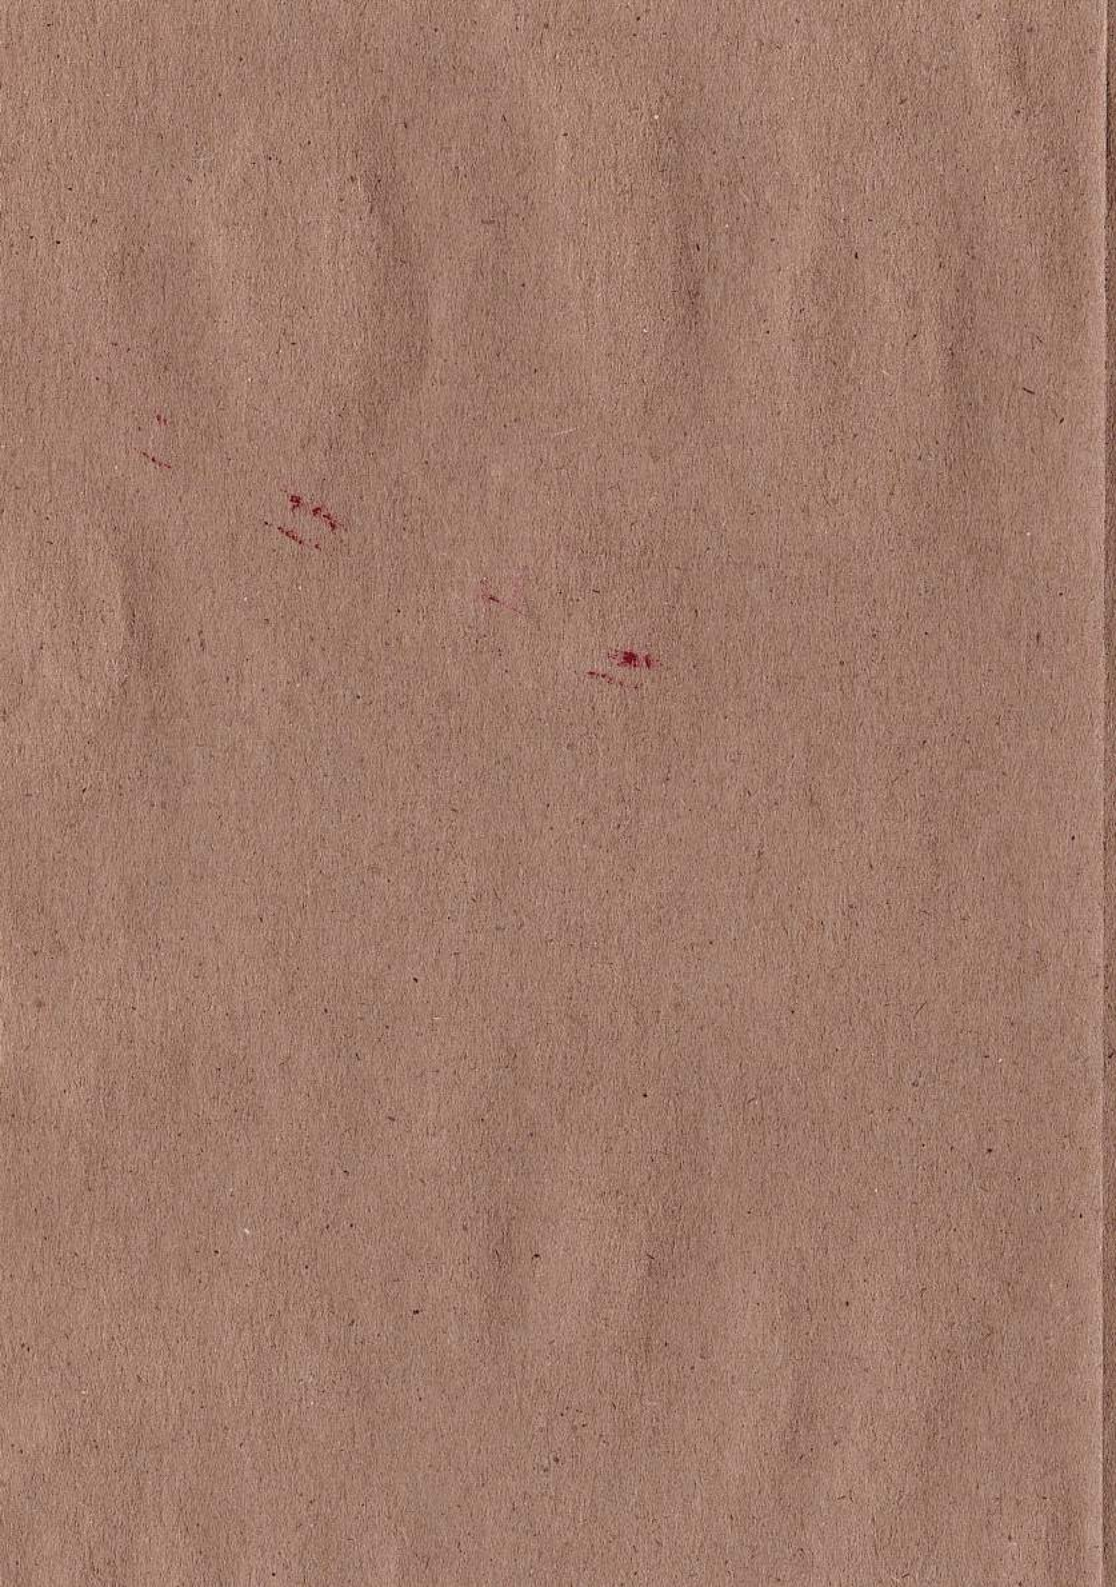

OBSERVATION

RECOLLECTION

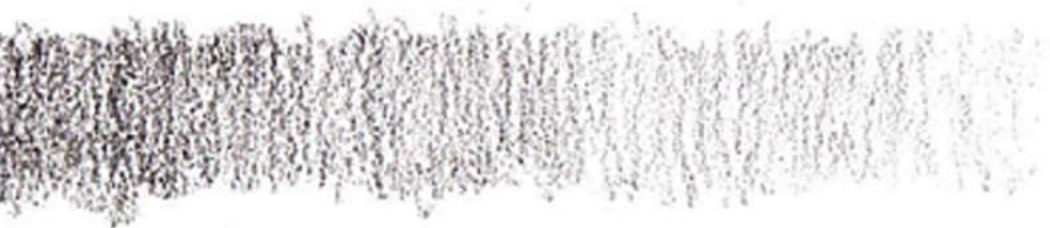

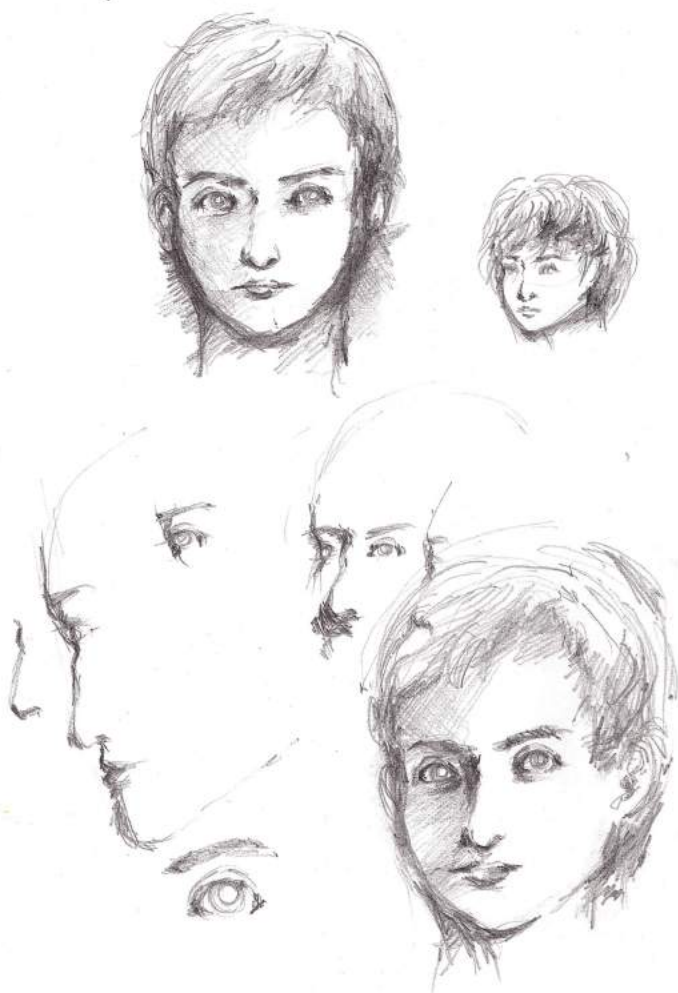

AS TIME PASSES...

His eyes weren't
that big.
He wasn't that
good-looking.

Drawing him after
more than two
months of
breaking up
with him...

~~██████████~~ slowly but surely
fading.

Did she have bangs?
I'm forgetting her again.
